The material covered by this delivery is produced in accordance with DSM's manufacturing specifications currently in force for this product grade. DSM certifies that the material supplied conforms to the performance typical for this grade and product description, and has been monitored in accordance with the internal quality control routines employed in our company. However, the buyer must check the suitability of this grade for the actual application. This certificate does not release the recipient from his obligation to carry out his usual incoming goods checks. Our general conditions of sale remain in force.
